- Taking a project in charge **from end-to-end**, from initiation to delivery on mainly business oriented aspects including planning, budget management, team management, ...
- **Executing deliverables** and ensuring their **quality** in order to provide solutions that meet the organization's needs
- Identifying and monitoring **strategic changes** in the business and the market, in order to challenge the initiatives and incorporate them within the organization in the best way possible
- Acting as an **innovation enabler** across the whole organization by removing obstacles and creating the conditions for innovation to be at the core of the business
- **Coordinating, organizing, and monitoring** the various activities within the project

How do we imagine our future consultant?

- Master's degree with minimum **5 years experience in Project Management**
- Excellent knowledge of **project management methods & experience with Agile**
- Very good knowledge of **process management and process reengineering**
- Excellent **planification & stakeholders management** capabilities
- Ability to **analyze and summarize**
- Excellent **communication skills**
- Ability to work in a **moving and transforming** environment
- **Team spirit**
- **Can-do attitude and entrepreneurial mindset**
- Knowledge of the Insurance Market (focus on Non Life)
- Fluency in **English, French and Dutch**

If you find yourself in these words and are looking for a **fun and learning work environment**, then you are probably the person we are looking for!

Why should you join us?

As part of the Taleo family, you will actively participate in the **delivery of large-scale projects** in different sectors of activities. You will be part of a **talented and dynamic** team.

You will also be able to benefit from a **broad diversity of career options** and have the possibility to develop **international and long-lasting work relationships**.
