

## Process Manager - Brussels

**Location: Brussels**

**Do you want to start an ambitious and challenging career?  
Would you like to work in an exciting and fun environment?  
Do you thrive in work environments that push you to be your best?**

Taleo Consulting is a management consulting group with offices in Luxembourg, Paris, Brussels, Amsterdam, Anvers, Geneva, Zurich, Barcelona, Singapore, and Lisbon.

As a young and growing company, we now count over 400 employees across our 10 international offices! Our activities are primarily focused on finance, life science, retail, and energy.

**What will you do?**

We believe that we grow as our people grow. Motivated professionals make a difference. Not just for themselves, but also our customers.

We are looking for people who share our corporate values among our local and international networks and promote close relationships with our customers and internal teams. Taleo's success depends on the talent of its employees, therefore we are looking for an enthusiastic Process manager that will:

**What do we expect from you?**

- **You analyze existing processes and redesign them** with the greatest attention to operational excellence and the timing and quality that the internal client expects.
- **You lead projects to improve our processes.** As you know, it's important to include others in a change. That's why you do what's required to secure the necessary buy-in.
- You understand the ambitious principles that define how we want to work in the future **and translate them into clear process flows.** From data collection, and data transformation to calculation and reporting.
- You are in contact with colleagues, discovering synergies between different projects. What is the link between the two projects? Does one project have an impact on the other? It's all food for thought for you.
- You share your knowledge with your colleagues. And they share theirs with you.

**How do we imagine our future Process Manager?**

- You know how to realize process improvements following the **Lean Six Sigma**
- Experience in the financial sector is a must to ensure a smooth start to this job.
- You enjoy translating complex processes into manageable visualizations that are neatly structured and have clear wording.
- You analyze the **'as is'** process and you design the **'to be'** with all possible improvements.
- You switch effortlessly between the **broader framework** and the important details.

- You quickly see which details are important on which level.
- You communicate effectively in **English**. You have no problems discussing proposals with project stakeholders and eliciting their support.
- You love working together with project teams to reach goals. Is there a problem? You focus on the solution.
- You would benefit greatly from any experience in Finance, Risk, Treasury, or data management.

We hire great people and give them the playing field to become awesome!

Rather than a diploma or extensive experience, your state of mind will allow you to reach your potential and meet the target with Taleo!

### **Why should you join us?**

You will be part of a talented and dynamic team! You will be able to benefit from career advancement and have the possibility to develop international and long-lasting work relationships.

If these words resonate with you and you identify with this description, send us your CV! We will be delighted to meet you
