

## Business Analyst Payment

**Location:** Brussels

**Do you want to start an ambitious and challenging career?**

**Would you like to work in an exciting and fun environment?**

**Do you thrive in work environments that push you to be your best?**

Taleo Consulting is a management consulting group with offices in Luxembourg, France, Belgium, The Netherlands, Switzerland, Spain, Singapore, Portugal and Italy.

As a young and growing company, we now count over 450 employees across our 10 international offices! Our activities are primarily focused in finance, life science, retail, and energy.

### **What will you do?**

We believe that we grow as our people grow. Motivated professionals make a difference, not just for themselves, but also for our customers.

We are currently looking for an experienced Business Analyst with several years of experience in the Payments & Cards industry, providing deep knowledge to understand complex business topics and their link to IT. Our client expects you to guide them in the payment environment, offering an excellent overview of key players, trends, and regulations to support their projects.

Additionally, the client requires a strong understanding of the technical aspects of card issuing and card transactions. The project is part of a larger initiative running until 2028.

### **Required Skills & Experience:**

- At least +6 years of relevant experience in Payment and/or Card industry
- At least +3 years of Business Analysis Experience
- Identify business needs and trends and competition
- Propose product & service improvements
- Analyse and evaluate change request
- Develop business requirements and acceptance criteria
- Act as interface with the stakeholders
- Bridge the business needs with IT

- Define the business scope, target operating model and interfaces (Business and IT)
- Good ability to understand and communicate on complex business topics and the link with IT
- Experience in Process design or process reengineering is a plus
- Experience in BI (data queries, reporting) is a plus
- Follow-up implementation of the change, including Business Acceptance testing (BAT)
- Languages: French & English fluent, with good level in Dutch

### **How do we imagine our future Business Analyst?**

- Autonomous, proactive, and analytical mindset
- Structured approach with the capacity to go the extra mile
- Detail-, client-, and result-oriented
- Problem-solver with a strong solution-driven attitude
- Excellent written and oral communication skills
- Knowledge-sharing mindset, supporting and coaching other Taleo consultants
- Ability to collaborate closely with Business Managers to understand and adapt to the client's environment

We hire great people and give them the playing field to become awesome!

Rather than a diploma or extensive experience, it's your state of mind that will allow you to reach your potential and meet the target with Taleo!

### **Why should you join us?**

You will be part of a talented and dynamic team! You will be able to benefit from career advancement and have the possibility to develop international and long-lasting work relationships.

If these words resonate with you and you identify with this description, send us your CV! We will be delighted to meet you.
