Location: Brussels

Are you ready to take your career to the next level?

Do you thrive in environments that challenge and inspire you?

Would you like to grow within a team that values both excellence and enjoyment at work?

Taleo Consulting is an international management consulting group with offices in **France, Luxembourg, Belgium, The Netherlands, Switzerland, Spain, Singapore, Portugal, and Italy.**

We've grown into a team of **450+ talented professionals** across **10 offices worldwide**, partnering with leading organizations in **Financial, Life Sciences, Retail, and Energy** - Sectors, to drive transformation and deliver lasting impact.

At Taleo, you'll find more than just a job. You'll join a community of ambitious consultants who share a passion for growth, innovation, and teamwork. Together, we create an environment where you can develop your skills, take on new challenges, and truly make a difference.

What Will You Do?

At Taleo Consulting, we believe that **our growth starts with our people**. When our consultants thrive, so do our clients.

Motivated, curious, and passionate professionals make a real impact, not only on their own careers but also on the success of the organizations they support.

We're looking for individuals who **embody our values** and help us foster strong, trust-based relationships with both our **clients** and our **teams across the globe**.

Our success is built on the **talent, collaboration, and commitment** of our people and we're now looking for a **Financial Analyst – Finance & Risk Reporting** to join our journey.

In this role, you will join the **Technology (IT) department**, within the **Finance & Risk Reporting domain**, focusing on **Profitability, ALM & Liquidity**. You will work in an agile (Scrum) environment, supporting business-critical in-house applications.

Your responsibilities will include:

- Translating functional and non-functional requirements into detailed analysis for small to medium-sized features related to processes and systems within the domain.
- Working closely with the Lead Analyst to design solutions and coordinate small projects.

- Analyzing, designing, implementing, testing, and delivering solutions for finance and risk reporting applications, mainly developed in **PL/SQL**.
- Collecting, transforming, aggregating, and validating data from multiple sources, primarily accounting systems.
- Applying domain knowledge in banking/insurance products, accounting, profitability, ALM, and liquidity.
- Understanding and respecting regulatory requirements and compliance standards in the financial sector.
- Using modeling languages and tools to support your analyses.
- Contributing to high-quality solutions by defining test scenarios, writing test cases, and executing integration testing in collaboration with test teams and end users.
- Handling incidents (software, process, or administrative), proposing and implementing solutions, and communicating clearly with stakeholders.
- Ensuring system maintenance, documentation updates, and high availability of domain applications.
- Designing features that improve client-centricity and operational efficiency.
- Explaining processes, systems, and tools to end users and supporting them in their daily activities.
- Coordinating activities and small projects within the subdomain, including task distribution and progress follow-up.
- Producing structured and consolidated reporting for stakeholders, highlighting risks and attention points.
- Taking initiative and actively contributing to continuous improvement at team level.

How do we imagine our future Financial Analyst?

- We foster a collaborative and pragmatic environment where analysts can challenge requirements and propose efficient, value-driven solutions.
- We encourage curiosity, continuous learning, and adaptability in complex and evolving environments.
- We attract top talent and empower them with the right environment to excel and drive collective success.

Why should you join us?

By joining Taleo, you'll become part of a **talented, international, and dynamic team**.

You'll benefit from **real career growth opportunities**, continuous learning, and the chance to build **long-lasting relationships** across borders and industries.

If you recognize yourself in this description and are ready to grow with a company that values ambition, collaboration, and excellence, let's connect.
