

IT DEVELOPER / FULL STACK CONSULTANT

Location: Luxembourg

Are you ready to take your career to the next level?

Do you thrive in environments that challenge and inspire you?

Would you like to grow within a team that values both excellence and enjoyment at work?

Taleo Consulting is an international management consulting group with offices in **France, Luxembourg, Belgium, The Netherlands, Switzerland, Spain, Singapore, Portugal, and Italy.**

We've grown into a team of **450+ talented professionals** across **10 offices worldwide**, partnering with leading organizations in **Financial, Life Sciences, Retail, and Energy** - Sectors, to drive transformation and deliver lasting impact.

At Taleo, you'll find more than just a job. You'll join a community of ambitious consultants who share a passion for growth, innovation, and teamwork. Together, we create an environment where you can develop your skills, take on new challenges, and truly make a difference.

What Will You Do?

At Taleo Consulting, we believe that **our growth starts with our people**. When our consultants thrive, **so do our clients**. Motivated, curious, and passionate professionals make a real impact, not only on their own careers but also on the success of the organizations they support.

We're looking for individuals who **embody our values** and help us foster strong, trust-based relationships with both our **clients** and our **teams across the globe**. Our success is built on the **talent, collaboration, and commitment** of our people and we're now looking for an **IT Developer / Full Stack Consultant** to join our journey.

- Contribute to innovative IT projects, participating in the design, development, and deployment of full-stack solutions.
- Engage in banking and financial sector projects, ensuring compliance with industry standards and best practices.
- Develop and maintain high-performance applications using technologies such as Java, Angular, C#, .NET, React, Python, and JEE.
- Collaborate with project managers and clients to define technical requirements and ensure alignment with business objectives.

- Participate in the creation and execution of testing and validation protocols to ensure software quality and security.
- Provide ongoing support, maintenance, and enhancements for existing and newly developed solutions.
- Stay up to date with emerging technologies and best practices to continuously improve system performance and user experience.
- Work with Cloud solutions (AWS, Azure, Google Cloud) and Cloud architecture for scalable and secure application deployment (a plus).

How do we imagine our future IT Developer / Full Stack Consultant?

- Bachelor's or Master's degree in Computer Science, Software Engineering, or a related field.
- Strong experience in full-stack development, with expertise in one or more of the following: Java, Angular, C#, .NET, React, Python.
- Solid knowledge of key frameworks and APIs such as Spring, Struts, Hibernate, JSP, Servlets, JDBC, JNDI.
- Experience with modern web technologies, front-end and back-end development & Knowledge of Cloud computing, DevOps practices, and cloud-native architectures is a strong advantage.
- Prior experience in banking, financial services, or fintech projects is a plus.
- Strong problem-solving skills, ability to work in agile environments, and adapt to evolving project requirements.
- Excellent communication and collaboration skills, with a proactive and solution-oriented mindset & proficiency in French and English.

We attract top talent and empower them with the right environment to excel and drive collective success.

Why should you join us?

By joining Taleo, you'll become part of a **talented, international, and dynamic team**.

You'll benefit from **real career growth opportunities**, continuous learning, and the chance to build **long-lasting relationships** across borders and industries.

If you recognize yourself in this description and are ready to grow with a company that values ambition, collaboration, and excellence, let's connect.
