

## Infrastructure Risk management Expert service (primavera experience)

**Location:** Monnoyer

**Are you ready to take your career to the next level?**

**Do you thrive in environments that challenge and inspire you?**

**Would you like to grow within a team that values both excellence and enjoyment at work?**

Taleo Consulting is an international management consulting group with offices in **France, Luxembourg, Belgium, The Netherlands, Switzerland, Spain, Singapore, Portugal, and Italy.**

We've grown into a team of **450+ talented professionals** across **10 offices worldwide**, partnering with leading organizations in **Financial, Life Sciences, Retail, and Energy** - Sectors, to drive transformation and deliver lasting impact.

At Taleo, you'll find more than just a job. You'll join a community of ambitious consultants who share a passion for growth, innovation, and teamwork. Together, we create an environment where you can develop your skills, take on new challenges, and truly make a difference.

### **What Will You Do?**

At Taleo Consulting, we believe that **our growth starts with our people**. When our consultants thrive, so do our clients.

Motivated, curious, and passionate professionals make a real impact, not only on their own careers but also on the success of the organizations they support.

We're looking for individuals who **embody our values** and help us foster strong, trust-based relationships with both our **clients** and our **teams across the globe**.

Our success is built on the **talent, collaboration, and commitment** of our people and we're now looking for an **Infrastructure Risk management** to join our journey.

### **Mission description:**

Excited to work on a project for a key Belgian player shaping the future of energy?

The Belgian and European energy landscape is evolving at full speed.

As part of a leading European electricity transmission system operator, this organization plays a crucial role in ensuring a reliable, secure, and sustainable power supply across the country.

Working side by side with internal teams and external experts, you will contribute to building a resilient, green, and future-proof energy infrastructure that supports economic growth while reducing environmental impact.

Together, we can create meaningful change. Diversity and inclusion are core values here—because a varied and inclusive work environment drives innovation, creativity, and stronger results for everyone.

### **Service description:**

For large infrastructure programs (Construction of Electricity transmission Assets), we are looking for a new full-time member of his PMO (Program Management Office)-Team. This person will assist one (or more) PM Officer(s) and be in charge of the risk management of programs from design, construction till the start of commercial operations.
