

PROJECT LEADER

Substations Oost-en West-Vlaanderen

Location: **Brussels**

Are you ready to take your career to the next level?

Do you thrive in environments that challenge and inspire you?

Would you like to grow within a team that values both excellence and enjoyment at work?

Taleo Consulting is an international management consulting group with offices in **France, Luxembourg, Belgium, The Netherlands, Switzerland, Spain, Singapore, Portugal, and Italy.**

We've grown into a team of **450+ talented professionals** across **10 offices worldwide**, partnering with leading organizations in **Financial, Life Sciences, Retail, and Energy** - Sectors, to drive transformation and deliver lasting impact.

At Taleo, you'll find more than just a job. You'll join a community of ambitious consultants who share a passion for growth, innovation, and teamwork. Together, we create an environment where you can develop your skills, take on new challenges, and truly make a difference.

What Will You Do?

At Taleo Consulting, we believe that **our growth starts with our people**. When our consultants thrive, so do our clients.

Motivated, curious, and passionate professionals make a real impact, not only on their own careers but also on the success of the organizations they support.

We're looking for individuals who **embody our values** and help us foster strong, trust-based relationships with both our **clients** and our **teams across the globe**.

Our success is built on the **talent, collaboration, and commitment** of our people and we're now looking for a **PROJECT LEADER** to join our journey.

The Project Leader service is responsible for electrical infrastructure projects

Service description:

- Responsibility for the definition, study, design of the projects and ensuring the implementation of the projects until commissioning and administrative closure.
- Developing preliminary designs, drawing up budgets and planning projects, taking into account the required and available resources.

- Responsibility for managing the planning, the project budget and reporting to the team leaders.
- Participate in the preparation of tender files and participate in the purchasing process.
- Management and coordination of the on-site implementation of the projects in collaboration with the relevant entities of the Group (suppliers, contractors, etc.).
- Tasks are accomplished autonomously with reporting to Manager.

Additional requirements:

- Civil or industrial engineer in electrical engineering or electromechanics (this is a MUST)
- Experience with project management (school leavers also welcome).
- knowledge of high voltage.
- Strong sense of responsibility, clear organizational talent.
- Smooth assertive communicator who is customer-oriented, values team spirit and is resourceful.
- **Excellent knowledge of Dutch** (French is nice to have but not a must)

Employment info:

40h/week

How do we imagine our future PROJECT LEADER?

We attract top talent and empower them with the right environment to excel and drive collective success.

Why should you join us?

By joining Taleo, you'll become part of a **talented, international, and dynamic team**.

You'll benefit from **real career growth opportunities**, continuous learning, and the chance to build **long-lasting relationships** across borders and industries.

If you recognize yourself in this description and are ready to grow with a company that values ambition, collaboration, and excellence, let's connect.

Share your CV and take the next step in your journey with Taleo
