

## Business Analyst KYC Automation

Location: **Brussels**

**Are you ready to take your career to the next level?**

**Do you thrive in environments that challenge and inspire you?**

**Would you like to grow within a team that values both excellence and enjoyment at work?**

Taleo Consulting is an international management consulting group with offices in **France, Luxembourg, Belgium, The Netherlands, Switzerland, Spain, Singapore, Portugal, and Italy.**

We've grown into a team of **450+ talented professionals** across **10 offices worldwide**, partnering with leading organizations in **Financial, Life Sciences, Retail, and Energy** - Sectors, to drive transformation and deliver lasting impact.

At Taleo, you'll find more than just a job. You'll join a community of ambitious consultants who share a passion for growth, innovation, and teamwork. Together, we create an environment where you can develop your skills, take on new challenges, and truly make a difference.

### What Will You Do?

At Taleo Consulting, we believe that **our growth starts with our people**. When our consultants thrive, so do our clients.

Motivated, curious, and passionate professionals make a real impact, not only on their own careers but also on the success of the organizations they support.

We're looking for individuals who **embody our values** and help us foster strong, trust-based relationships with both our **clients** and our **teams across the globe**.

Our success is built on the **talent, collaboration, and commitment** of our people and we're now looking for **Business Analyst KYC Automation** to join our journey.

### Mission Context

We are seeking a **Life Insurance Business Analyst** to join the Business Change & Monitoring team within the Life Insurance division.

This position is strictly a Business Analyst role. It focuses on business process analysis, regulatory interpretation, KYC optimisation, and bridging business with IT.

## Your Responsibilities

### Analysis (Business-focused)

- Analyse and challenge existing KYC processes and data management practices.
- Define and formalise business requirements.
- Identify process, data, and operational impacts related to KYC/AML obligations.
- Ensure clear understanding between Business, Compliance, Operations, and IT.
- Translate business needs into conceptual requirements.

### Testing (Business acceptance)

- Prepare and execute business process tests and validations.
- Support UAT ensuring solutions meet business expectations.

### Monitoring & Stakeholder Management

- Act as intermediary between business teams and IT.
- Provide reporting on progress and risks.
- Facilitate collaboration with stakeholders.
- Build relationships with internal and external partners.

## Your Profile

### KYC / AML Expertise

- Strong understanding of KYC/AML in life insurance.
- Familiarity with identity verification and risk-based approaches.

### Business Analysis Skills

- Experience as Business Analyst in insurance or banking.
- Knowledge of process analysis methodologies.
- Ability to analyse and improve KYC processes.
- Translate business needs into high-level requirements.

### IT / Data (Business-oriented)

- Understanding of data quality and constraints.
- Familiar with APIs and automation concepts.

### Interpersonal Skills

- Strong communication and workshop facilitation.
- Quality-driven and solution-oriented mindset.

### Other Requirements

- University degree or equivalent experience.
- Minimum 5 years of experience.
- French and English required; Dutch is a plus

### Why should you join us?

By joining Taleo, you'll become part of a **talented, international, and dynamic team**. You'll benefit from **real career growth opportunities**, continuous learning, and the chance to build **long-lasting relationships** across borders and industries.

If you recognize yourself in this description and are ready to grow with a company that values ambition, collaboration, and excellence, let's connect.

**Share your CV and take the next step in your journey with Taleo**
